

FOCUS ON ENERGY CHANGES EFFECTIVE JULY 1, 2010

EFFICIENT HEATING & COOLING (Residential HVAC)

Flue Closure Rewards are being discontinued.

Application Deadlines will be extended to 90 days of equipment installation and will be enforced. Applications postmarked after 90 days of installation will be denied. *No exceptions will be granted.*

WATER HEATING

Flue Closure Rewards are being discontinued.

Tankless Water Heaters must have an energy factor (EF) of .82 or greater, be power-vented, use natural gas, and be ENERGY STAR® qualified to be eligible for the \$100 Reward. Customers must still purchase natural gas from a participating natural gas utility to be eligible for the Tankless Water Heater Reward.

Application Deadlines will be extended to 90 days of equipment installation and will be enforced. Applications postmarked after 90 days of installation will be denied. *No exceptions will be granted.*

MULTI-FAMILY HVAC - Prescriptive Rewards

Rooftop/Unitary A/C (less than 65 MBH) Rewards are being discontinued.

Rooftop/Unitary/Split-System A/C (greater than 65 MBH) Rewards are being discontinued.

Cooling Service Buy Down Rewards are being discontinued.

PTAC Custom Rewards are being discontinued.

Boiler Reset/Cutout Control with Staging Rewards are being reduced from \$150 to \$75 per controller

Boiler Clean and Tune Rewards are being discontinued.

Steam Trap (Radiator and All Other) Repair or Replace Rewards are being discontinued.

Variable Frequency Drive (VFD) Replacement or Upgrade Rewards are being reduced from \$50 per horsepower (HP) to \$40 per HP for existing properties and \$30 per HP for new construction.

VFD Data Bonus Rewards are being discontinued.

Energy Recover Ventilator Rewards are being reduced from \$1.25 per CFM to \$0.75 per CFM.

MULTI-FAMILY HVAC - Custom Rewards

Rooftop Air Conditioner Custom Rewards are being discontinued.

NEMA Premium Efficiency Motor Custom Rewards are being discontinued.

Custom Tier Technology Guidelines are being changed as outlined below. These changes apply to any unobligated custom project as of July 1, 2010. "Unobligated" means the project does not have a signed grant agreement in place confirming the incentive level being offered to the project.

Tier 1

Kilowatt-hour (kWh) rate reducing from \$0.04 per kWh to \$0.03 per kWh

Kilowatt (kW) rate reducing from \$125 per peak kW to \$100 per peak kW

Therm rate reducing from \$0.60 per therm to \$0.30 per therm

Tier 2

kWh rate reducing from \$0.06 per kWh to \$0.045 per kWh

kW rate reducing from \$200 per peak kW to \$150 per peak kW

Therm rate reducing from \$0.80 per therm to \$0.45 per therm

BUSINESS HVAC - Prescriptive Rewards

Rooftop Air Conditioners Rewards are being discontinued.

Packaged Terminal Air Conditioner Rewards are being discontinued. Packaged Terminal Heat Pump Rewards *are not* being eliminated.

Energy Recover Ventilator Rewards are being reduced from \$1.25/CFM to \$0.75/CFM.

Cooling Tune-Up Rewards are being discontinued.

Natural Gas Space Heating Equipment Tune-Up Rewards are being discontinued.

Steam Trap Survey and Repair Rewards are being discontinued.

Three-Phase Electric Motor Rewards are being discontinued.

Variable Frequency Drive (VFD) Retrofit Rewards are being reduced from \$50 per horsepower (HP) to \$40 per HP for existing buildings and \$30 per HP for new construction. *The performance data bonus was eliminated for existing buildings.*

BUSINESS HVAC - Custom Rewards

Custom Tier Technology Guidelines are being changed as outlined below. These changes apply to any unobligated custom project as of July 1, 2010. "Unobligated" means the project does not have a signed grant agreement in place confirming the incentive level being offered to the project.

Tier 1

Kilowatt-hour (kWh) rate reducing from \$0.04 per kWh to \$0.03 per kWh

Kilowatt (kW) rate was reducing from \$125 per peak kW to \$100 per peak kW

Therm rate reducing from \$0.40 per therm to \$0.30 per therm

Tier 2

kWh rate reducing from \$0.06 per kWh to \$0.045 per kWh

kW rate reducing from \$200 per peak kW to \$150 per peak kW

Therm rate reducing from \$0.60 per therm to \$0.45 per therm
