## Small Footprint Series

Small but mighty, this simple model offers a very large display with a continuous backlight making it extremely easy to read and use.  
Models: T1010, T1050

## Value Series (Residential)

Extremely simple to operate and features a large, easy to read digital display.  
Models: T0130, T1035, T0140, T1045

## Wireless Thermostats (Residential)

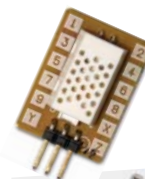

Enjoy the convenience of a completely wireless remote control model that is easy to operate with many features; maximum comfort with minimum effort.  
Models: T1100RF, T1100REC

## FlatStat Residential

Elegant and unobtrusive, this flat to the wall architectural design offers many high tech features and a large, easy to read display with a continuous backlight.  
Models: T1000FS, T1100FS

Simple, snap-in module provides humidify/dehumidify control between thermostat and HVAC unit equipped with a humidification/dehumidification system.

The EZ programmer accessory allows the user to quickly transfer the configuration settings from one thermostat to another.

## Accessories

In applications where additional wiring cannot be run, the Add-A-Wire™ accessory can be used to add a wire to the thermostat.

This accessory allows for the infrared remote operation of the most basic thermostat functions.
